

Hi, I'm Climate Toothpaste. I want to connect you with climate advocacy groups in your area. A lot of people are concerned about climate change, but feel overwhelmed by the problem, and they don't know where to turn. Good news: amazing groups are already working on solutions! I'm here to help you learn about these groups, so you can find a fit.

Here's a text to introduce yourself:

I'm concerned about climate change and am learning how to be involved with climate solutions/carbon pricing initiatives/conservation. Can you tell me about your group and what you do?

FLORIDA

Pricing Carbon

Citizens Climate Lobby www.citizensclimatelobby.org

Citizens Climate Lobby is an international organization that is trying to pass legislation for a national carbon fee and dividend. What's missing from climate change? Political will. CCL creates that political will by educating about climate change. CCL has 16 chapters in Florida.

Climate Change

Rethink Energy Florida rethinkenergyflorida.org

Our mission is to engage, educate and empower citizens to take action and achieve energy independence in a healthier, more sustainable environment. This includes the use of fossil fuels and the need for renewable energy and diminished energy consumption.

Anti-Fracking

Whether or not fracking should happen in Florida, and whether or not cities should be allowed to ban fracking, are subjects of contentious ongoing debate in the state. Here are 2 links to groups mobilizing against fracking: facebook.com/nofrackinginflorida facebook.com/FLNoFrack/

Climate/Environment/Action

350.org

www.350.org

A global grassroots climate movement that holds leaders accountable to the realities of science and the principles of justice. Through online campaigns, grassroots organizing, and mass public actions, 350 brings together a global network in over 188 countries. 350.org has chapters in Pensacola, Brevard County, and Miami.

Environment/Conservation

Sierra Club www.sierraclub.org/florida Protects wilderness, helped pass the Clean Air Act, the Clean Water Act, and the Endangered Species Act. Sierra Club Florida's mission is to enjoy and protect the natural places in Florida, to teach others to understand and respect the fragile environment in which we live, and to practice and promote the responsible use of Florida's ecosystems and resources. Sierra Club has 16 groups in Florida, and 3 chapters in St.

Petersburg, Coral Gables and Osprey.

Climate Mobilization

The Climate Mobilization www.theclimatemobilization.org

Climate change presents us each with a fundamental choice. Will we be passive as civilization slowly collapses around us? Or will we mobilize and fight back for a 100% clean energy future? The Climate Mobilization believes we need a WWII-scale national mobilization to fight climate change.
